To begin setup, this screen displays the meter connection process. Put down your meter. Pick up the compatible Medtronic MiniMed device and continue with Step 6.

Connecting Meter to Medtronic MiniMed Paradigm® REAL-Time Revel™ insulin pump

6 Press ACT to go to the METER ID MENU. Scroll to delete by pressing the down arrow. Press ACT.

7 Scroll to Connect Devices from the WIRELESS MENU and press ACT. Then scroll to Meters and press ACT.

8 Select 3m and press ACT. If you are replacing a meter, go to Step 9. If you are adding a new meter, go to Step 11.

9 To replace a meter, select delete ID and press ACT.

10 If you have multiple meter IDs, repeat Step 9 for each one.

11 To add a new meter, select add ID and press ACT. Refer to Step 3 (or see meter back) to find the meter ID. Use the up and down arrows to enter the six character meter ID shown on the meter screen. Press ACT after each character entry.

12 Select review on your compatible Medtronic MiniMed device to confirm that your Contour®NEXT Link meter ID has been correctly entered. If incorrect, go back to Step 9.

13 Return to your Contour®NEXT Link meter. After you have entered the meter ID into your compatible Medtronic MiniMed device, press OK.

Choosing Meter Send Options

14 Send results controls how your meter will send blood glucose readings to your compatible Medtronic MiniMed device. Choose the SEND ERRORS that is best for you. Always = Meter will always send results. Never = Meter will ask you before sending results. Never = Meter will never send results.

Set Meter Date/Time to Match Medtronic Device

15 The date and time on your meter must match the date and time on your Medtronic device. Pick up Medtronic device. Press ACT. Scroll to Set Date/Time. Press ACT. Press OK. Set the date and time on your medtronic device. Pick up meter. Change the time and date on your meter to match your Medtronic device. Allow instructions on your meter to make the changes.

Additional Meter Settings

16 Choose your AUTOLOG settings. AUTOLOG allows you to mark a test as Before Meal, After Meal, or No Mark.

17 The meter comes preset with the default target ranges as shown. Accept the default target ranges or change them after talking to your health care professional.

18 Follow the display prompts to set your High and Low limits. Choose Accept to use the default setting (210 mg/dL for the high limit and 70 mg/dL for the low limit). Choose Change if you wish to use different limits.

SETUP IS NOW COMPLETE!
Materials for Testing

- Bayer's CONTOUR®NEXT Test Strip
- Bayer's MICROLET® Lancet
- Bayer's MICROLET®2 Lancing Device
- Bayer's CONTOUR®NEXT LINK Blood Glucose Meter

**WARNING:**

- The meter and lancing device are for single patient use. Do not share them with anyone including other family members! Do not use on multiple patients!1,2
- All parts of the kit are considered biohazardous and can potentially transmit infectious diseases, even after you have performed cleaning and disinfection.
- Always wash your hands well with soap and water before and after testing, handling the meter, lancing device, or test strips.

For complete instructions on cleaning and disinfecting your meter and lancing device, please see your meter user guide.

**Obtaining the Blood Drop**

1 Insert test strip and wait for **APPLY BLOOD** message.

2 Remove lancing device endcap. Insert lancet into lancing device and twist off protective cap.

3 Re-cap and dial to desired lancing depth.

4 Obtain your blood drop.

**Testing the Blood Drop**

5 Touch the tip of the test strip to the drop of blood. If the first blood drop is not enough, the meter may beep twice and display **STRIP UNDERFILLED**. You have about 30 seconds to apply more blood onto the same strip.

6 If AUTOLOG is on, you can choose to record your result as **Before Meal**, **After Meal** or **No Mark** for the test result.

**Sending Results to Your Compatible Medtronic MiniMed Device**

7 If **Ask Me or Always** was selected in **Send Options** during **Setup**, results can be sent to your compatible Medtronic MiniMed device. Press **OK** to move to the next screen.

**Reminder and Notes**

8 Select **reminder** to set a reminder for your next test. Select **Notes** to add more information to the result. Remove test strip.

**Turn Meter Off**

9 Remove the test strip and the meter will turn off in 3 minutes. Or hold down the **Menu** button to turn off the meter.

See your CONTOUR®NEXT LINK user guide, MICROLET®2 insert and compatible Medtronic MiniMed device user guide for full instructions.
